with dignity the benevolent way."**

## OPERATION PITCH IN

Operation Pitch In is a day of reconciliation through acts of kindness. The inspiration came in many forms; first there was the teachings of generosity and sensitivity that came from James Jackson and his desire to carry on his son, James M. Perkins legacy.

It culminated while walking on a cold winter day; when I came upon a lady shoveling snow and ice, I kindly asked her if she was alright. She honestly responded and said she was struggling so I stop what was doing; this seem to outweigh the importance of my destination, so I gently took the shovel and helped her complete the task at hand. She offered me a monetary reward and said "I don't mind helping when I can." I looked upon her gesture as a blessing; as I had no expectation of reward, I just wanted to pitch in and offer my assistance through an act of kindness.

A day of reconciliation through self, family, friends, community and nation. As we protect and defend our integrity and dignity the benevolent way.

- 1) Self valuing and self worth is enlightening.
- 2) Friends helping friends is empowering.
- 3) Families housing family is enriching.
- 4) Organizations helping communities is encouraging.
- 5) Nations healing nations is inspiring.

Through this exchange we can make a better society to live in, if we all learn to take time and pitch in. So, lets make August, 16th Operation Pitch In... A Day of Reconciliation through acts of kindness.
