

## SUBSTANCES

Note all substances are the product of how relationships are formed either medicinal or toxic contingent upon the dosage. It is most difficult to separate the individual from the environment sense the individual makes up the totality of the environment called habituate. It is not mental health for me its social health is where I begin because social stress leads to mental pain and then you have bodily harm. When the body is harmed severely or slightly it becomes an offense.

- 1) Therefore the operation of our mission is to take on the TASK of appealing to the human integrity and dignity of each other's SELF WORTH by reacquainting ourselves with ourselves and with others with the RESILIENCY of UNDERSTANDING of the NEED TO RESTORE with in self THE SOCIAL CREDIBILITY of benevolent disposition of maturity benefiting from the transactions of our social interactions.

This arrangement must be SYNCHRONIZED.

- 2) Therefore the operation of our mission is to take on the EFFORT of appealing to the human integrity and dignity of each other's RESILIENCY of SELF ENDURANCE by reacquainting ourselves and with others TOLERANCE of the NEED TO READDRESS the SOCIAL DIVERSITY in self by developing benevolent disposition of maturity benefiting from the transactions of our social interactions. The combination of this team chemistry is a social behavior that must be SYNTHESIZED without strife.
- 3) Therefore the operation of our mission has to take up the TIME of appealing to the human integrity and dignity of each other's RESILIENCY OF SELF DISCIPLINE by reacquainting ourselves with our selves and with others TEMPERANCE of the NEED TO REVISE the SOCIAL COHERENCY with in self by developing a benevolent disposition, benefiting from the transactions of our social interactions by not wasting time and creating unnecessary expenses focusing on that which brings the best results for the purpose it was designed for the this type social behavior must be ECONOMIZED.
- 4) Therefore the operation of our mission has to take up the ENERGY of appealing to the integrity and human dignity of each other's RESILIENCY of SELF RELIANCE by reacquainting ourselves with ourselves and with others CONFIDENCE of the NEED TO REPLENISH the SOCIAL CONTINUITY in self of developing a benevolent disposition benefiting from the transactions of our social interactions, By coming together to enhance and advance a greater effect on the totality of our social well being. This type of social behavior must be SYNERGIZED conjoined tightly fitted for a meaningful measureable useful purpose.

- 5) Finally therefore the operation of our mission has to take the NATURE of appealing to the integrity of human dignity of each other's RESILIENCY of SELF ESTEEM by reacquainting ourselves with ourselves as well as others RESPECTFULLY with the NEED TO RECLAIM the SOCIAL SOLIDARITY with in self by developing a benevolent disposition benefitting from the transactions of our social interactions. It is the rational for reconciling our differences one with another. This type of social behavior must by SYNCRETIZED this is not to be overcome nor overwhelmed with indifferences of extremes.
